

Appearances

"Appearances" is another name for [Honors](#), a golf side bet based on which person or side tees off first on each hole (or, in other words, which person or side has the [honor](#) on each tee). Everyone in the pairing ante's the determined amount.

A person or side earns an Appearances point (dot) when it tees off first (excluding the first hole, where the order of play is determined randomly). The player who accumulates the most points (dots) is the winner.
