

No Putts

No Putts is the opposite of [Low Putts](#): Rather than the winner being determined by fewest putts, in No Putts the winner is determined by all strokes *other* than putts. At the end of the round, subtract the number of putts from the total strokes; the player or group with the fewest remaining strokes played is the winner. In No Putts, putts just don't count.

Also Known As: Everything But Putts
