

Bag Lady

“Bag Lady” is a game of chance. Each player on the team is assigned a number (1-4) in descending order based on HDCP. All four players play their own ball throughout; at the end of each hole the team will draw a slip of paper from a “bag”. Each slip will have instructions on how to score that hole. Follow those instructions and record the score on the team score line of your scorecard. Low team score wins. (Threesome must rotate playing the 4th ball on each hole.)

To get a sheet of slips (4 sets of 18) look below “Bag Lady” on format page.
