

Redemption

Redemption is a game format which plays outside of USGA rules therefore it is not a postable score. In the game of “Redemption” each player is allowed two (2) Mulligan’s or “do over’s” per nine holes. This game can be played across an entire field or in flights, with the winner(s) achieving the lowest gross score.

Variation:

If a player elects not to use all four (4) Mulligan’s and then turns in the lowest gross score the committee could elect to double that player’s winnings.
